

DOLLY
PRINTING & PACKAGING (INDIA) PRIVATE LIMITED

COMPANY PROFILE

DOLLY PRINTING & PACKAGING INDIA PVT. LTD.

ISO 9001:2015/ ISO 14001:2015 CERTIFIED COMPANY

One Stop Solution For Complete Packaging Requirements

ABOUT US

At Dolly Printing & Packaging (I) Pvt. Ltd., we have an experienced and dedicated team both in the field and at the office, supported by a highly skilled workforce and state-of-the-art machinery.

Dolly Printing & Packaging (I) Pvt. Ltd. is registered under GST, MSME & Udyog Aadhar, Pune. Our manufacturing units are situated in Village Ranje, Pune, Maharashtra, India .

Our company holds the prestigious FSC COC (Forest Stewardship Council Chain of Custody) certification, ensuring that our products are sourced from responsibly managed forests that provide environmental, social, and economic benefits. This certification reflects our commitment to sustainability and ethical sourcing in the packaging and corrugated box industry.

Our company is ISO 9001:2015 and ISO 14001 certified, reflecting our strong commitment to quality management as well as environmental responsibility. While ISO 9001:2015 ensures that our processes consistently deliver high-quality products and services that meet customer and regulatory requirements, ISO 14001 demonstrates our dedication to effective environmental management. Together, these certifications reinforce our focus on operational excellence, resource efficiency, and compliance with global standards, while strengthening our reputation as a responsible, quality-driven, and environmentally conscious manufacturer and supplier.

In pursuit of our goal of being a market leader in terms of quality with cost efficiency, our people and capital resources are committed to using innovative technologies to produce superior products. We have all the latest & modern equip-ment in our mfg. process which help us in delivering quality products at all the time.

We have installed brand new machines from China and Taiwan for high-speed, high-quality box production. With the addition of the new factory building and advanced machinery, our plant's finishing capacity has increased to approximately 1000–1100-tons-per-month.

We have a built-up factory area of 81,000 sq. ft. on a land area of 1,00,000 sq. ft., supported by 500 HP power with complete generator backup. The premises are well secured with 24-hour security and CCTV surveillance.

Dolly Printing & Packaging (I) Pvt. Ltd. will continue to enhance it's role in striving to be a market leader, driven by the emergence of new technologies, a commitment to solve customer's problem and an ongoing effort to make defect free best products, more cost efficient, failsafe and reliable. In addition to our packaging setup, we have a complete state-of-the-art offset printing setup that includes 6/7 color KBA 105 Hybrid machines, Allied machines, and an in-house CTP and ink kitchen. In our efforts to better customer satisfaction we believe in the philosophy of

OUTLINE YOUR NEEDS. WE DO THE REST.

WHY CHOOSE US?

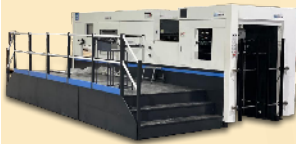

We use FSC Certified paper to make the products.

Our total production capacity is 750 tons/month and finishing capacity is 1000-1100 tons/month

Fully auto high speed vertical punching machine with auto stripping ▼

Our semi-automatic setup comprises of a carefully selected combination of machines which produces box quality that can compete with a fully automatic plant, at a fraction of the investment, and greater flexibility.

Digital standie is used to communicate the daily dispatch schedule, technological information, training schedules with the staff.

Flute Laminator

SPECIALIZED MACHINERY

We have installed brand new machines from China & Taiwan for high speed & quality production of boxes.

Machine	Max Speed	Speciality
Corrugation Machine A, B, C, E, F, G with Hydraulic Reel Stand and NC Sheet Cutterl, Flute Fingerless	80 met/ min	Precisely makes flute profiles at higher speed
2 Color Printer Slotter Die Cutter (Number of machines 2)	5000 boxes /hr	Upto 26/36 length box can be made in 1 piece 1400 x 2600 mm + 1800 X3600 mm
2 Color Printer Slotter 900 x 2000 mm	3000 boxes /hr	Small and compact machines for smaller size boxes.
1 Piece Semi Automatic Stitchig Machine 2800 mm (Number of machines 2)	2500 boxes/hr	Accurate high speed production
2 Piece Semi automatic Stitching	2500 boxes/hr	No skilled worker required
High speed automatic vertical punching machine 45' x 65'	3500 sheets/hr	Perfect finish with high precision Safe for handling
Fully Auto high speed vertical punching machine with Auto stripping	8000 sheets/hr	A perfect finish with Auto Stripping
5 Ply automatic flute laminator 42' x 65'	6000 sheets/hr	Precisely makes 3/5 ply boards.
Semi automatic flap pasting machine	2000boxes/hr	Precise application of glue with pasting unit
4 Roller sheet pasting machine with pressing machine (Number of machines 4)	1200 sheets/hr	Refined and precise appliction of adhesive
Thin blade cutting and creasing with auto feeder (Number of machines 2)	3000 boards/hr	Precise finishing and creasing of boards
High speed adhesive making mixers (Number of machines 3)		Precise mixing and blending of adhesive
Adhesive circulating units for perfect viscosity of adhesive (Number of machines 2)		Keeps addhesive in required viscosity
Platten die punching, creasing & embossing machine56" x 76" & 40" x54" (Number of machines 2)	800 sheets/hr	Large size 56" x 76" platten for any type of box punching
Reel clamp fork lift 3000 kg capacity		Easy loading of reels saves space and helps in proper storage
Seizer lift		Easy loading and unloading of material
Fully auto high speed vertical punching machine with auto stripping. Size 38"x52"	800 sheets/hr	A perccet finish with auto stripping .

SPECIALIZED MACHINERY

We have installed brand new machines from China & Taiwan for high speed & quality production of boxes.

Machine	Max Speed	Speciality
1 colour printer slotter die cutter 1800 x 3600 mm	5000 sheets/hour	Lead edge Crush feeding Combine rotary die cutter & Slotter unit
3 ply fully auto flute laminator with flip flop stacker Size 1100 x 1450	12000 sheets/hour	High speed - 3 ply laminator with Flip flop stacker
2 nos High speed fully auto flat bed auto stripping punching	High speed 8000 sheets/hour	High Speed -Flat bed die cuttingmachine with & auto stripping machine
Fully auto folder gluer with side pasting , lock bottom , four & six corner pasting size upto 1200 mm .	25000 cartons/hour	High Speed 25000 cartons per hour machine
V Cut fully auto window pasting machine size 1050 mm	6000 boxes/hour with V cut	Embossing & window pasting all operations in one go

COMPLETE OFFSET SETUP

Advanced Offset Infrastructure. Assured Quality Output.
Hybrid & Conventional Excellence Under One Roof

KBA Rapida 105 - 7 Colour Offset Hybrid Machine

We deliver your imagination with precise perfection!

With our full-fledged in-house offset printing setup
that consists of the state-of-the-art

▶ **KBA Rapida 105 – 7 Colour Hybrid Offset Press With Extended Delivery & Online Coating Unit**

With these machines we can

- ▶ Produce conventional 6-colour jobs with aqueous or matt varnish online
- ▶ Produce 7 color / 1 + 6 colour jobs with UV coating.
- ▶ Produce 7-color UV printing + UV coating jobs as well
- ▶ *We can do SPOT UV, Drip, Full UV in gloss or matt finish.*

The production speed for both machines are **15000 / hour** and the maximum sheet size is "29 x 41".

▶ **KBA Rapida 105 – 6 Colour Conventional Offset Press With Extended Delivery & Online Coating Unit**

We are sure we can now transform even the wildest of your imagination
into a breathtaking reality flawlessly every time.

COMPLETE OFFSET SETUP

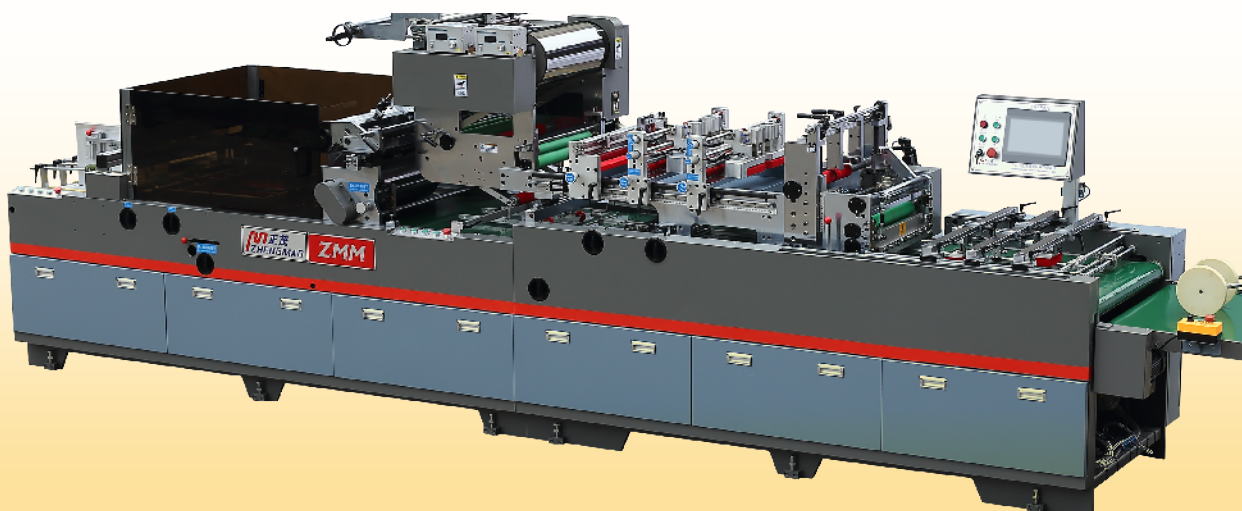

Automatic Folder Gluer

Automatic Die Cutter with Stripping Station

V cut Fully auto window pasting machine

QUALITY

We are ISO 9001:2015 certified. We ensure the highest quality of our products through our own testing equipment:

- ▶ Linux Touch screen Compression testing machine
- ▶ Linux ECT, RCT, FCT fully auto testing machine
- ▶ 2 Linux BS & BF testing Touch screen type
- ▶ Linux & Ubique Digital weighing & Gsm scale
- ▶ Ubique Cob tester
- ▶ US & German made Moisture testing device
- ▶ Imported Calliper tester
- ▶ Imported Solid percentage checking Instrument for adhesive
- ▶ Cutter-Plotter Machine gives 1:1 ratio for accurate printing dimensions
- ▶ Digital Screens on Shop-floor – helps in better management & dissemination of workflow.
- ▶ We have well Equipped Quality testing lab, Compression testing machine, and other Linux testing machines
- ▶ Scuff Resistance Tester

SUSTAINABILITY

We recognize that our operations have an effect on the environment & we are devoted to continuous improvements in environmental performance

particularly :

- Green Energy – In line with our commitment to sustainability, we have already installed a 100 kW rooftop solar power generation system to support our green energy initiatives. Further strengthening this effort, we are in the process of adding an additional 175 kW rooftop solar installation within the next two months, which will significantly increase our renewable energy capacity. This initiative reflects our continued focus on reducing our environmental footprint, improving energy efficiency, and promoting sustainable manufacturing practices.
- Reduction in energy consumption – Our architecture is designed to maximise day light utilisation. We use energy efficient LED lighting for post sunset working hours.
- Sustainable raw material – We use water based, Mineral oil free offset inks and food grade adhesives keeping environmental safety in mind.
- Recycling – We use recycled FSC certified paper along with Prime Virgin kraft paper. All the scrap including paper, board, and plastic is segregated and sent for recycling.
- Prevention of pollution – We are committed to maintaining a clean and safe environment within and around our premises. Smoking is strictly prohibited in and around the facility, and we ensure that no waste is burned in the surrounding area. These practices reflect our commitment to environmental responsibility and maintaining a healthy workplace.
- To ensure efficiency and reliability in logistics, we use our own fleet of trucks for product delivery. This allows us to maintain better control over transportation, ensure timely dispatches, and provide dependable service to our customers.

ISO certified Company

EXPANSION & FUTURE OUTLOOK

Dolly remains focused on steady and practical growth while maintaining strong quality standards and operational discipline. With the increasing demand in the packaging and printing sector, the company is working towards improving productivity, optimizing existing capacities, and ensuring consistent service to its customers.

As part of its future plans, Dolly intends to gradually strengthen its manufacturing capabilities through the addition of suitable machinery and supporting infrastructure as market demand grows. The objective is to enhance production efficiency, improve turnaround times, and support higher volumes while maintaining cost competitiveness.

Going forward, the company will continue to focus on building long-term customer relationships, maintaining reliability in supply, and adapting to changing market requirements. With a balanced approach towards investment and operational efficiency, Dolly aims to achieve stable growth and strengthen its position in the industry in the coming years.
